JEAN GREENHOWE’S MINI CHRISTMAS STOCKINGS

These charming Christmas stockings are quick and easy to make and each one only requires 5 grams [less than ¼ ounce] of double knitting yarn, [USA Astra or Bonus DK: Australia 8 ply]. They can be knitted up by the dozen! The stockings measure 8.5cm [3¼in] in length and they can be used in a variety of ways. Here are some suggestions.

Make them as tree decorations. Stuff the stockings lightly and oversew across the cast off edge. Sew on a loop of yarn or twisted cord at the top edge of the seam. The soft knitted stockings provide a lovely hand-made contrast alongside the traditional shiny glass baubles.

Omit the stuffing, hang them on the tree and pop in some sweet treats to please the children.

Knit a stocking for each of your Christmas party guests. Enclose two or three luxury wrapped chocolates as take-away party favours or after dinner treats. Sew on a small card with each guest’s name and they also double as place markers.
Fill the stockings with small fabric bags containing dried lavender flowers and they turn into sweet scented sachets - guaranteed to sell like hot cakes at any charity fund-raising event.

Knit the scented sachets for Christmas presents. Two stockings tied together with a twisted cord or satin ribbon would make a pretty gift.

Knit a stocking as the ‘gift wrap’ for a small present such as jewellery. Wrap the gift in tissue paper before putting it inside the stocking. Sew a snap fastener inside the garter stitch section of the stocking, to secure the gift.

Make a number of stockings and sew them onto a cord, for bunting. Fix the cord to the mantelpiece or the edge of a shelf, or just on a wall for decoration.

**NOTES ON THE VARIOUS STOCKINGS**
As can be seen on the front page illustration, the Basic Stocking can be varied in many ways. When working in stripes, the cast on edge counts as the first row. Including the cast on edge, there are 28 rows of stocking stitch in the foot and leg. This number accommodates different stripe effects as detailed below.

The stockings shown above (left to right)
The rainbow-coloured stocking has seven different coloured four-row stripes.

The green stocking has a two-row red stripe, below the two top rows of green. The snowflake motif is embroidered in four white stitches crossing over each other. The centres of the stitches are held together with a small stitch.

The red 'boot effect' stocking is worked in one colour as far as the * in the knitting instructions. The remainder is worked in alternate stripes of green and light green.
